INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Coeur d'Alene
Coeur d'Alene, ID 83814

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Coeur d'Alene, Idaho as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Coeur d'Alene, Idaho's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Coeur d'Alene, Idaho as of September 30, 2024, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of ignite cda. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for ignite cda is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Coeur d'Alene, Idaho and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Coeur d'Alene, Idaho's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Coeur d'Alene, Idaho's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Coeur d'Alene, Idaho's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Coeur d'Alene, Idaho's financial statements. The accompanying combining and individual nonmajor fund financial statements schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2025, on our consideration of the City of Coeur d'Alene, Idaho's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Coeur d'Alene, Idaho's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Coeur d'Alene, Idaho's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Coeur d'Alene

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

As management of the City of Coeur d'Alene, Idaho (the "City"), we have provided readers of the City's financial statements with this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$389,348,845 (net position). Of this amount, \$67,110,028 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased \$16,343,696. This increase is made up of a 5.46% increase in business activities and a 2.69% increase in governmental activities.
- At the end of the fiscal year, the City's governmental funds reported combined ending fund balances of \$26,747,254—an increase of \$5,480,529 over the prior year. A significant portion of this increase came from payments from the City's Urban Renewal District, ignite cda. Although these payments are recorded as revenue, they represent reimbursements for debt incurred by the City to purchase property within the Urban Renewal District. Total payments from ignite cda amounted to just over \$3.6 million, with approximately \$2.4 million recorded as revenue in the Atlas Mill Site Capital Projects Fund and \$1.185 million recorded in the General Fund.

Additionally, the City received a significant insurance settlement of \$1.57 million related to a structure fire that destroyed a Police Department storage annex. The fire resulted in the loss of a BearCat SWAT vehicle, nine vehicles for police and support services, and numerous other items, including equipment for Animal Control, Code Enforcement, Special Intervention Response Team, Volunteers, Honor guard and specialized SWAT equipment. Of the total settlement, \$1.235 million remained unspent as of September 30, 2024, contributing to the increase in the General Fund balance.

- At the end of the fiscal year, the unassigned fund balance for the General Fund was \$11,998,211 or 18.45% of the amended 2024 budget of general fund expenditures. The percentage for the year before was 21.7%, a decrease of 3.25%.
- The City's total debt decreased by \$3,431,256 during fiscal year 2023-2024. The City's compensated absences increased \$384,979. Other changes to long-term debt were payments of \$841,434 on general obligation bond debt, \$873,328 on capital leases and \$2,515,657 on revenue bonds payable.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-Wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private sector businesses.

The *Statement of Net Position* presents information on all of the City's assets and liabilities, with the difference between the two reported as total net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned, but unused, vacation leave).

City of Coeur d Alene

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, culture and recreation and interest on long-term debt. The business-type activities of the City include water, wastewater, sanitation, drainage, street lighting and public parking.

The government-wide financial statements include not only the City itself (known as the primary government), but a legally separate urban renewal district, ignite cda, for which the City is financially accountable. ignite cda has been reported as a discreetly presented component unit and does prepare separate financial statements.

Fund Financial Statement – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund Balance Sheet and governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 20 individual governmental funds. Information is presented separately in the governmental Fund Balance sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund and the Capital Projects Fund which are considered to be major funds. Data from the other 18 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements or schedules elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary Funds – The City maintains one type of proprietary fund which is an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for water, wastewater, drainage, solid waste, public parking and street lighting operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds which are considered to be major funds of the City.

City of Coeur d Alene

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements – The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information – Combining and individual fund statements and schedules for nonmajor funds are presented immediately following the notes to basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net positions – The City has 80.51% of its total net positions invested in capital assets (land, buildings, infrastructure, machinery and equipment, and vehicles) less any related debt to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional 2.10% of the City's net positions represent resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, 17.24% may be used to meet the City's ongoing obligations to citizens and creditors.

Table 1, below is a comparative summary of the City of Coeur d'Alene's Net Position statement for the years ended September 30, 2024 and 2023:

	Governmental Activities		Business-type Activities		Total

MANAGEMENT’S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Property taxes collected in fiscal year 2023-24 were \$851,648 higher than the prior year, primarily due to City Council’s decision to increase the levy in response to rising personnel costs. This included \$224,239 in the formula allotted new construction revenue and the full 3% allowable increase in property tax revenue. Overall, governmental fund revenues increased by \$5,675,849 compared to fiscal year 2022-23. However, this increase was mainly driven by non-recurring revenue sources. These included the recognition of ARPA federal funds, and a \$1.6 million insurance settlement associated with the fire loss of the Police Department’s storage facility. While these revenues temporarily boosted fund balances, they do not reflect a structural improvement in the City’s financial outlook and should not be interpreted as an ongoing funding capacity to offset ongoing expenditures.

Public safety expenses increased \$2,630,526 from fiscal year 2022-23 to 2023-24. This increase was due to an increase in wages and benefits.

Governmental Activities:

The following graphs depict various governmental activities and show the expenses and revenues for 2024.

MANAGEMENT’S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities:

Revenues by Source – Governmental Activities

Business-Type Activities:

Business-type activities increased the City’s net position by \$12,424,514, which impacted the City’s business-type net position by 5.46%. There was an increase in revenue from charges for services in the amount of \$855,074. This increase was mainly due to an increase in the number of accounts billed due to growth in the city and increases in water, wastewater, and street lighting rates. Water fund revenue decreased slightly by \$118,902, Wastewater fund revenue increased by \$639,859 and Sanitation Fund revenue increased by \$190,800.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the City's governmental funds reported combined ending fund balances of \$26,747,254, an increase of \$5,480,529. Of the \$26,747,254 fund balance \$8,151,773 is unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is restricted, committed or assigned to indicate that it is not available for new spending because it has already been committed to pay public safety capital needs, future park, fire, police and street projects, and perpetual care of cemeteries.

The General Fund is the chief operating fund of the City. At the end of the current year, the fund balance of the General Fund was \$ 19,263,002. As a measure of the General Fund's liquidity, it may be useful to compare total fund balance to \$65,014,042 total budgeted expenditures. Fund balance represents 29.63% of 2024 budgeted expenditures and the unassigned fund balance of \$11,998,211 represents 18.45% of 2024 budgeted expenditures. Although the General Fund balance appears to be adequate, it must be stressed that the balance is needed to support operations until funds are received in January 2025 from the first current-year property tax settlement. Also, important to note is that the capital projects fund borrowed \$7,700,000 from the wastewater capitalization fund in fiscal year 2017-18 to purchase the Atlas Waterfront Site property. Interest on this due to /due from is accruing at an annual rate of 1.5% with the understanding that future tax increment funds from ignite's Atlas district will begin to pay this down. In 2023-24 ignite repaid the City's general fund the full amount borrowed of \$1,185,012. The payment also included a payment of \$ 2,420,458 owed to the Wastewater fund. This brought the principal balance to \$5,989,989. At September 30, 2024, \$710,447 of interest on this loan is owed from the City's general fund to the Wastewater fund.

General Fund cash balance decreased by \$3,944,338. This majority of this decrease can be attributed to the City spending \$2,403,718 from the American Rescue Plan Act funding that was received the year before. General Fund revenues increased by \$4,200,365 mostly due to recognizing the American Rescue Plan Act funds as revenues in fiscal year 23-24. However, as discussed above, this increase was mainly driven by nonrecurring revenue sources. Including ARPA federal funds, one-time revenue from a large insurance settlement associated with the fire loss of the Police Department's storage facility. General Fund expenses increased by \$6,160,770 between fiscal year 2022-23 and 2023-24 due to a \$1,777,777 increase in capital outlay spending, a \$2,630,530 increase in public safety expenditures and a \$672,819 increase in spending in public works.

The unassigned fund balance of the City's General Fund decreased \$945,719.

The capital projects fund had a fund balance deficit of \$3,846,438 on September 30, 2024. This deficit will disappear as funds are received from ignite cda as development of the Atlas Riverfront Site generates tax increment funding.

City of Coeur d Alene

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (CONTINUED)

Proprietary Funds – The City's Proprietary Funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds at the end of the year amounted to \$50,911,136. The total increase in net position for the funds was \$12,424,514. This increase is attributed to the water and wastewater fund operating revenues being \$520,957 higher than the previous year's, the capitalization fees revenue increasing by \$1,805,781 and interest earnings year over year increasing by \$582,564 while operating expenses remained comparable to the previous year. Continued growth in the City and a scheduled increase in rates drove the revenue increase in fiscal year 2023-24.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's General Fund budget was amended during the fiscal year. The amendment increased the General Fund budget before transfers out by \$9,178,798. \$4.3 million of the amendment was to create capacity for the PD expansion project, funded by ARPA grant revenue and general fund balance. Just over \$1 million of the amendment was to create budget capacity for the Streets department remodel and \$726,739 was for overlay projects budgeted in 2022-23 fiscal year and continued into the 2023-24 fiscal year. \$735,500 was added to the budget to create capacity for the repurchase of property destroyed in the Police Department storage facility fire and a \$722,735 lease of 3 loaders for the Streets Department

Overall expenditures before transfers were \$6,282,666 under the final amended budget and \$2,896,132 over the original budget. Overall revenues before transfers were \$1,040,651 under the final amended budget of \$55,116,604 and \$5,862,906 under the original budget of \$50,294,349. During the fiscal year, the General Fund's fund balance increased by \$1.116 million due to a large insurance settlement and the payoff of an interfund loan originally received from the Wastewater fund. The loan was repaid as detailed earlier on the City's behalf by ignite. This revenue from ignite eliminated the outstanding liability and resulted in a corresponding increase in fund balance. However, this increase does not reflect the receipt of new cash or budgetary savings within the General Fund. The borrowed funds were previously expended at the time of the loan, and this transaction simply removed the obligation to repay. As such, while the transaction improves the General Fund's balance sheet position, it does not represent a gain in financial resources available for future spending.

CAPITAL ASSETS

The City's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of September 30, 2024, amounts to \$346,699,441. This investment in capital assets includes land, buildings, infrastructure, construction in progress, machinery and equipment, vehicles and subscription arrangements. This balance represents a net increase of \$8,972,552 from the prior year. Additional details of capital asset activity for the year can be found in Note 5 of the notes to the basic financial statements.

LONG-TERM DEBT

The City's long-term bonded debt decreased by \$3,851,634 in 2024; leaving a balance of \$31,631,020 at year-end. The City paid down long-term general obligation debt of \$841,434 during fiscal year 2023-24. Additional details of long-term debt activity for the year can be found in Note 7 in the notes to basic financial statements. State statutes limit the amount of general obligation debt a government entity may issue to 2% of assessed market value. The current debt limitation for the City is \$228,438,208 which is significantly higher than the City's net outstanding general obligation debt of \$859,683.

City of Coeur d Alene

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended September 30, 2024

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City Council chose to take a 3% increase in the amount of property taxes levied of the allowed 3%, and 1% of the increase allowable for recapturing forgone taxes for the 2024-25 budget. In the last 13 years the Council has only taken a portion of the allowed increase 5 times as follows – fiscal year 2023-24 – 3%, fiscal year 2022-23 – 3%, fiscal year 2019-20 – 3%, fiscal year 2016-17 – 2.5%, and fiscal year 2012-13 – 2%.

Building growth was still strong in both the residential and commercial real estate sectors in fiscal year 2024-25. Building permit revenue for fiscal year 2024-25 was \$1,884,334 compared to \$1,567,452 the previous year. The building department issued 1,281 permits in fiscal year 2024-25. Idaho experienced a 17.9% growth in population over the past decade, making it the 2nd largest percentage growth state in the nation between 2022 and 2023 and the 10th largest numeric growth state with 34,719 new residents. Kootenai County's population grew 34.47% over that time, making it the 3rd fastest growing county in Idaho. Median housing prices in Kootenai County exceed \$500,000 and have more than doubled in the last four years. On a per capita level Idaho tends to slightly lag the nation in terms of income growth.

Personal income growth for Idaho for the first quarter of 2025 increased 3.1%. In Coeur d'Alene the unemployment rate in January 2025 was 4.3% with the unemployment count around 3,963. The Idaho unemployment rate for the same month was also 3.8% and the national rate was 4.0%.

There will be scheduled fee increases in 2025 in the water fund, wastewater fund, sanitation fund and the street lighting fund. Any increases in other areas of the City greater than 5% will be carefully studied and brought forward to the Mayor and Council at a public hearing.

On May 20th, 2025 the City's voters passed a 10-year General Obligation Bond in the amount of \$16.4 million. This bond will pay for fire apparatus replacements, renovations and upgrades to fire stations in the City. The City expects a bond sale late summer early fall of 2025.

REQUESTS FOR INFORMATION

The accompanying "Notes to the Financial Statements"
are an integral part of this statement.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City of Coeur d'Alene, Idaho (the "City") was incorporated in 1887. The City is governed by a Mayor and a six-member council, elected by the voters of the City. The Mayor and Council serve as the taxing authority, the contracting body, and the chief administrators of public services for the City.

The services provided by the Mayor and Council, their appointed boards, officials, department heads, division heads and each underlying department, comprise the primary government unit of the City.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant of the City's accounting policies are described below:

The accompanying financial statements include all aspects controlled by the City Council of the City of Coeur d'Alene. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Under Idaho Code, in December 1997, the Coeur d'Alene City Council passed an ordinance which created the Coeur d'Alene Urban Renewal Agency (the "Agency"), a legally separate entity from the City. The Agency was established to promote urban development and improvement in blighted areas within the Agency's boundaries. The Agency is governed by a maximum board of nine directors, two of which may be City Council members, who are appointed by the City Council. The City Council has the ability to appoint, hire, reassign, or dismiss those persons having responsibility for the day-to-day operations of the Agency. These powers of the City meet the criteria set forth in GASB No. 61 for having financial accountability for the Agency. Based on the above, the Agency has been discretely presented in the accompanying financial statements of the City as a component unit. Separate financial statements of the component unit are issued. The Agency adopted the name Lake City Development Corporation (LCDC) in fiscal year 2001 and later changed their name to ignite cda in 2015. ignite cda is the only component unit of the City.

Under Idaho Code, the Agency has the authority to issue bonds. Any bonds issued by the Agency are payable solely from the proceeds of tax increment financing (or revenue allocation in Idaho), and are not a debt of the City. The City Council is not responsible for approving the Agency budget or funding any annual deficits. The Agency controls its disbursements independent of the City Council.

The Agency operates on the same fiscal year as the City. Complete financial statements of the Agency can be found at <http://www.ignitecda.org/resources/financials/> or obtained directly from:

ignite cda
P.O. Box 3450
Coeur d'Alene, ID 83816-1379

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the propriety fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, quarterly payments from the State of Idaho, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The government reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* accounts for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

The government reports the following major proprietary funds:

The *water utility fund* accounts for the provision of water services to individuals and commercial users. All activities necessary to provide such services are accounted for in this fund, including (but not limited to) administration, operations, maintenance and financing and related debt service.

The *wastewater utility fund* accounts for the provision of wastewater services to individuals and commercial users. All activities necessary to provide such services are accounted for in this fund, including (but not limited to) administration, operations, maintenance and financing and related debt service.

The *sanitation utility fund* accounts for the collection of solid wastes from the residents of the City. All activities necessary to provide such services are accounted for in this fund, including (but not limited to) administration, operations and maintenance.

Additionally, the government reports the following fund types:

Fiduciary fund financial statements consist of a statement of fiduciary net position and a statement of changes in fiduciary net position. Assets held by the City for other parties (either as a trustee or as an agent) and that cannot be used to finance the City's own operating programs are reported in the fiduciary funds. The City is responsible for ensuring that the activities reported in fiduciary funds are based on their intended purposes.

Fiduciary funds are presented in the fund financial statements but are not reported in the government-wide financial statements. The City's fiduciary fund financial statements are presented on pages 24 and 25:

The *pension trust fund* is used to account for the payment of benefits to police officers who were hired before April 12, 1967 and to their eligible surviving spouses. Funding for these benefits comes from property taxes, interest earnings and invested funds.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the government's water, wastewater and sanitation functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Concluded)

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grant contributions, and 3) capital grants and contributions, including special assessments. Internally, dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, wastewater and sanitation funds are charges to customers for sales and services. The water and sewer funds also recognize as operating revenue the portion of cap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Budgetary Accounting - Budgetary Basis

All City departments are required to submit their annual budget requests to the Comptroller.

The Finance Director is the budget officer, and as such, it is the Finance Director's duty to compile and prepare a preliminary budget for consideration by the City Council. On or before the first Tuesday in August, the Finance Director submits the proposed budget to the City Council for their review and approval.

In July or August, the City Council convenes to consider the proposed budget in detail and make any alterations allowable by law and which they deem advisable and agree upon a tentative amount to be allowed and appropriated for the ensuing fiscal year.

After the City Council agrees on tentative appropriations, the Finance Director, not later than the third Wednesday in August, publishes the tentative budget, establishing the amount proposed to be appropriated to each department, service, or activity for the ensuing fiscal year.

On the first Tuesday in September, the City Council meets to hold a public hearing, at which time any taxpayer may appear and be heard upon any part or parts of the tentative budget. Upon the conclusion of the hearing, the City Council determines the amount of the budget for each department, service, or activity of the City. The combined final budget may not exceed the total of the tentative budget.

The City Council adopts the final budget by ordinance and enters the ordinance on the official minutes of the Council. The adopted final budget is filed in the office of the City Clerk, and a copy, certified by the City Clerk, is filed with the County Auditor by the second Tuesday in September.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgetary Accounting - Budgetary Basis (Concluded)

The City is required by state law to adopt annual budgets for all governmental funds. All adopted budgets for governmental funds and fiduciary funds, with the exception of the pension trust fund, are prepared in accordance with the modified accrual basis of accounting and are adopted on a basis consistent with generally accepted accounting principles (GAAP). The adopted budgets of proprietary funds, internal service funds, and the pension trust fund are prepared in accordance with the accrual basis of accounting and are adopted on a basis consistent with generally accepted accounting principles. Annual budgets are adopted for all funds.

The annual adopted budget covers a period from October 1 to September 30 annually. The level of budgetary control at which expenditures may not exceed appropriations is the total fund level per Idaho statute. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Administrator. Any changes in the total budget of each fund must be approved by a majority vote of the City Council.

The City Council may only increase the total adopted budget during the year for unanticipated revenues, such as state and federal grants, donations to departments, and other unscheduled revenues. The adopted budget may be increased only by the amount of revenues received. Budget revisions must be advertised, discussed in a public hearing, and adopted through a resolution by the City Council. The budget for the fiscal year ending September 30, 2024, was amended by the amount of unscheduled revenues. The financial statements reflect the amended budget.

All appropriations lapse at the end of the fiscal year. Appropriation accounts remain open until October 31st for the payment of claims incurred against such appropriations prior to the close of the fiscal year. After October 31st, the appropriations, except for the incomplete improvements, become null and void. Any lawful claim presented after that day against any appropriation will be provided for in the ensuing budget. The City of Coeur d'Alene does not utilize encumbrance accounting.

Debt service for capital leases is budgeted in each of the respective lessee departments on a fiscal year basis. Each capital lease agreement has a non-appropriation clause which generally states that each fiscal year's lease payments are subject to City Council approval. The lease payment appropriations are included in the operating budget.

Cash and Cash Equivalents, and Investments

The City pools all individual fund cash balances in bank accounts, the State Investment Pool, U.S. Government issued investments and certificates of deposit, except for the investments of the police retirement fund and the cemetery perpetual care fund which are held separately from those of other City funds.

Cash equivalents are defined as investments with maturities of 90 days or less at the time they are purchased by the City. If maturity is greater than 90 days, some investments are classified as cash equivalents since they are part of the City's cash management activity, and readily convertible to known amounts of cash. Balances in checking accounts, State Pooled Investments, certificates of deposit, and U.S. Government issued investments are stated at fair value.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Due To and From Other Funds

Inter-fund receivables and payables arise from inter-fund transactions and are recorded by all funds affected in the period in which transactions are executed.

Inventory

The City had no significant inventories on September 30, 2024.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City contracted with an independent appraisal firm to perform a complete inventory of fixed assets in September 2007. Assets were valued at estimated historical costs, when original costs were not available. The City has and will continue to update this inventory. Donated fixed assets are capitalized at fair value on the date donated. Assets valued at \$5,000 or more which have a useful life of more than one year are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30-35
Equipment	5-25
Infrastructure	20-30
Other improvements	20-30
Reservoir	20
Wells and booster stations	20-100
Distribution system	50
Collections	40-50
Plant	40
Street lights	20

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bonds payable are reported net of applicable bond premium or discount.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Bond Discounts and Bond Premiums

In government-wide financial statements and proprietary fund types in the fund financial statements, bond premiums and discounts are deferred and amortized over the corresponding term of the bonds.

Amortization is computed on the straight-line method as follows:

	<u>Years</u>
Bond premium and discounts:	
2022A Sewer Revenue Refunding Bonds	20
2022B Sewer Revenue Refunding Bonds	3

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures and expensed in the period incurred.

Compensated Absences

The Government Accounting Standards Board Codification section C60 specifies that a liability should be accrued for leave benefits that meet the following conditions:

1. The employer's obligation relating to employees' rights to receive compensation for future absences is attributed to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

For governmental and proprietary funds, the City records a liability for accumulated unused vacation time when earned for all employees. Accumulated unused comp time is recorded as a liability up to 240 hours. Accumulated unpaid sick leave in excess of 720 hours (1,440 for firefighters) is paid out to employees yearly at 33.3%. The only other time accumulated unpaid sick leave is paid by the City is upon retirement. Unpaid sick leave is recorded as a liability at 71% of all employees who have worked for the City for ten years or more.

The liability for vacation, comp time, and sick leave is recorded in the statement of net position for all governmental activities and business-type activities. The entire amount of compensated absences is reported as a fund liability. The City has implemented GASB Statement No. 16, "Accounting for Compensated Absences" which requires the accrual to include related payroll tax and retirement costs. At September 30, 2024, the total compensated absences payable by the City was \$5,620,551.

Compensated absences are reported as follows in the financial statements:

Governmental activities	\$ 4,986,923
Business-type activities	633,628
	<u>\$ 5,620,551</u>

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City does have items that qualify for reporting in this category. Note 13 outlines the outflows of resources associated with the PERSI pension base and FRF plans and the police retirement pension plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three types of these items, which arise under the government-wide accrual basis of accounting that qualifies for reporting in this category and three items, which arises only under a modified accrual basis of accounting. Deferred property taxes, unavailable grant revenue and unearned lease contract revenues are reported in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The items reported in the government-wide statements are amounts related to the pension base and FRF plans, unearned grant revenue and unearned lease contract revenues. See note 13 for details on the pension plan. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. See note 13 for the police retirement fund deferred outflows of resources disclosures. The unearned grant revenues are federal or state grants that the City has received but will be expended in future fiscal years. See note 5 related to the unearned lease contract revenue.

Fund Equity

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned, or unassigned.

When both restricted and unrestricted fund balances are available for use, it is the City's policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those restricted fund balance classifications can be used.

Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Net Position Flow Assumptions

Net position represents the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Contributed Capital

Contributed capital represents donations by developers, grants restricted for capital construction, and assets whose construction was financed by special assessments. Tap-in fees that exceed the cost of physical connection to the system are recorded as cash in the water fund and the wastewater fund until the fees are spent. Capitalization fees may be used only for expansion of the system, storm sewer separation, improvement or expansion of the present plant, or the construction of additional water and wastewater facilities. When the cash received for capitalization fees is spent, the assets purchased are recorded as plant and equipment.

Maximum Property Tax Rates

State statute sets maximum property tax rates for the City of Coeur d'Alene. The City cannot certify a budget request to finance the ad valorem portion of its annual budget that has a dollar amount that exceeds 3% of the dollar amount of ad valorem taxes certified for its annual budget during the last year in which a levy was made. The levy rate for the City of Coeur d'Alene for the 2023-24 fiscal year were as follows: library fund - .000153, general obligation bonds .000070, police retirement .000012 and general fund -.002035.

Property Tax Calendar

Property taxes are levied each November based on the assessed value of property as listed on the previous September tax rolls. Assessed values are an approximation of market value. The County Assessor establishes assessed values. Property tax payments are due in one-half installments in December and June. Property taxes become a lien on the property when it is levied.

Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net pension asset and pension expense/(revenue), information about the fiduciary net position of the Firefighters' Retirement Fund Plan (FRF Plan) and additions to/deductions from FRF's fiduciary net position have been determined on the same basis as they are reported by the FRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deficit Fund Balances

Deficit fund balances as of September 30, 2024 included capital projects funds which had a net deficit fund balance of \$3,846,438. This deficit is primarily related to the Riverstone Mill Site, which has a deficit fund balance of \$5,989,989. This deficit is due the capital projects fund borrowing \$7,700,000 from the wastewater capitalization fund in fiscal year 2017-18 to purchase the Atlas Waterfront Site property. Interest on this due to / due from is accruing at an annual rate of 1.5% with the understanding that future tax increment funds from ignite's atlas district will begin to pay this down, the first payments were made in the 2023-24 fiscal year.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Recently issued and Adopted Accounting Pronouncements

As of October 1, 2021, the City adopted GASB Statement No 87, Lease accounting. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases as inflows of resources or outflows of resources based on the payment provisions of the contract. The effect of the implementation of this standard on beginning net position and fund balance is disclosed in Note 5.

Lessor:

As a result of the implementation of GASB Statement No. 87, the City recognizes a lease receivable for the term of the leases under contract as well as the years that the City has deemed are reasonably certain that the lessee will renew. As a long-term lease, the City also imputes interest into each lease, recognized as interest income. The City recognizes a deferred inflow of resources for the lease activities under contract that have not been recognized as revenue. The deferred inflow of resources is amortized over the contractual or expected term of the lease.

As of October 1, 2022, the City adopted GASB Statement No, 96, Subscription-Based Information Technology Arrangements (SBITA) with the fiscal year ending September 30, 2024. This statement will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs. Implementation of GASB 96 restated the capital assets and long-term liability balances but had no effect on beginning net position.

NOTE 2 - CASH AND INVESTMENTS

General:

State statutes authorize the City's investments and deposits. The City is authorized to invest in demand deposits, savings accounts, U.S. Government obligations and its agencies, obligations of Idaho and its agencies, fully collateralized repurchase agreements, prime domestic commercial paper, prime domestic bankers acceptances, bonds, debentures or notes of any corporation organized, controlled and operating within the U.S. which have at their purchase an "A" rating or higher, government pool and money market funds consisting of any of these securities listed. No violations of these categories have occurred during the year.

Custodial credit risk:

Custodial credit risk is the risk that in the event of a failure of a financial institution, the City's deposits and investments may not be returned to it. The City does not have a deposit policy for custodial credit risk. The carrying amount of the City's deposits and investments is \$88,077,027 and the bank balance is \$89,442,196. As of September 30, 2024, the City's deposits and investments were exposed to custodial credit risk as follows:

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

Interest rate risk and concentration of credit risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Concentration of credit risk as defined by GASB exists when more than 5% of an investment portfolio is allocated to one security. As of September 30, 2024, the City had the following investments (and associated maturities) in its internal investment portfolio:

Maturity	Investment	Cost	% of Total	Fair Value & Carrying Amount	Maturity			
					Less than 1 year	Less than 2 years	2-5 years	6-10 years
10/1/2024	Simon Property Group LP	30,559	2%	30,000	30,000			-

Foreign Corporations	\$ 96,600	\$ 48,837	\$ 47,763	\$ -	-
	<u>\$ 1,412,636</u>	<u>\$ 371,282</u>	<u>\$ 412,113</u>	<u>\$ 629,241</u>	<u>\$ -</u>

The City does not have a policy for interest rate risk or concentration of credit risk but does manage the portfolio to preserve the principal value. Since all the City's cash needs cannot be anticipated, the above securities are traded in active and secondary or resale markets.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 2 - CASH AND INVESTMENTS (CONCLUDED)

Fair value:

The securities registered in the City's name were purchased at a cost of \$1,442,684. The net loss of \$30,047 (the difference between cost and fair value) has been recognized in the financial statements as a net loss on investments. There was a current year gain of \$64,169 on these investments.

The City's investments in 2a-7-like pools are valued based upon the value of pool shares. The City invests in one 2a-7-like pool, the Idaho State Investment Pool. The advisory board of the Idaho State Investment Pool is composed of members appointed pursuant to the requirements of the Public Funds Investment Act. The State Investment Pool is duly chartered and administered by the State Treasurer's office and consists of US Treasury bills and notes, collateralized certificates of deposit and repurchase agreements.

The balances that the City has in the State Investment Pool are carried at its fair market value of \$46,838,623. The City's portion of the State Investment Pool had an unrealized gain of \$121,465 as of September 30, 2024, which has been recognized in the financial statements.

The City considers funds held in the State Investment Pool to be cash equivalents, as the average maturity of the underlying securities is less than 90 days, and the City can liquidate the account at any time.

NOTE 3 - ACCOUNTS RECEIVABLE

Governmental activities:

Accounts receivable consist of the following as of September 30, 2024:

Franchise and utility receivables	\$ 923,649

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 5 - LEASE INCOME

A summary of leases receivable are as follows:

During the year ended September 30, 2000 the City established a lease with AT&T Wireless for rack and tower space located at the City's standpipe at 710 West Wilbur. The original lease called for monthly payments of \$900 increasing by 4% each year. The lease was amended in July of 2006 which renewed the terms for up to five additional sixty-month terms. Monthly payments were set at \$842.30 with a 10% increase every five years. A second amendment went into effect in February of 2015. This amendment provided an additional increase in rent of \$373.47 per month for additional antennas and a yearly increase to the monthly rent of 3%. A third amendment was agreed upon in March of 2021. This amendment included a monthly rent increase of \$500 for an increase to the size of the Premises leased to the Tenant. Current monthly payments of \$1,621 are being made to the City.

During the year ended September 30, 2003 the City established a lease with VoiceStream PV/SS PCS L.P. for rack and tower space located at the City's standpipe at 4945 Industrial Avenue. The original lease called for monthly payments of \$950 increasing by 3% each year. The lease was amended in February of 2015 which increased the rent to \$1,486.80 a month and continued the annual increase of 3%. A second amendment went into effect in May of 2016. This amendment provided an additional increase in rent making the monthly rent \$1,368 for additional equipment to the "Communications Facilities". A third amendment was agreed upon in October of 2016. This amendment included a monthly rent increase of \$500 for an increase to the size of the Premises leased to the Tenant. The agreement automatically renews for five additional five-year terms. As of September 30, 2024 the lease has been renewed for four of the successive five-year terms with the fifth term ending November 30, 2033. Current monthly payments of \$2,437 are being made to the City.

During the year ended September 30, 2018 the City established a lease with Luntenterprises, LLC for Bay 5 on the south side of the City dock. On September 7, 2021 this lease was assigned to Scenic Adventure Flights, LLC. Under the terms of this lease, yearly payments of \$5,992.60 are made to the City for a five-year period commencing April 1, 2018. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. In 2023, the company changed hands from the Luntsenterprises to No Limits Aviation Inc., dba Brooke's Seaplane Service, and Scenic Adventure Flights LLC. The contract with Brookes Seaplanes was extended to March 31st, 2024. The yearly payment for fiscal year 2023-24 was \$7,355.

During the year ended September 30, 2022 the City established a lease with Lake Coeur d'Alene Cruises, Inc. for Bays 1, 2 and 3 on the east side of the City dock and Bays 6, 7 and 8 on the west side of the City dock. Under the terms of this lease, yearly payments of \$47,014.33 are made to the City for a five-year period commencing April 1, 2022. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The yearly payment for fiscal year 2022-23 was \$49,976.

During the year ended September 30, 2024, the City established a lease with Majestic Eagle LLC for a mobile food concession at Independence Point. Under the terms of this lease, the 2024 season lease revenue is pro-rated due to the late start of the season. Year two fees will be \$5,000 and year three fees will be \$6,000. The yearly payment for fiscal year 2023-24 was \$4,500.

During the year ended September 30, 2017 the City established a lease with the Coeur d'Alene Arts and Culture Alliance for operating and managing the Riverstone Concert Series held at Riverstone Park. Under the terms of this lease, yearly payments of \$3,500 were made to the City over a three-year period and in February 2023 the lease agreement was extended for three more years. In the extension of the lease, the lease fee was increased to \$5,000 per year and will be subject to an increase based on the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 5 - LEASE INCOME (CONTINUED)

During the year ended September 30, 2019 the City established a lease with Coeur d'Alene Parasail and Watersports, Inc. for Bay 4 on the east side of the City dock and Bay 9 on the west side of the City dock. Under the terms of this lease, yearly payments of \$10,117.48 are made to the City for a four-year period commencing May 1, 2019. Per the terms of the contract, the lessee may request an extension for three years. In September 2023, the lessee requested an extension which the City granted. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The yearly payment for fiscal year 2023-24 was \$12,327.

During the year ended September 30, 2021 the City established a lease with The Buoy, LLC for use of the McEuen Park Rotary Harbor House for the purpose of operating and maintaining food, beer and wine concessions. Under the terms of this lease, yearly payments of \$16,000 are made to the City over a three-year period commencing April 1, 2021. This lease includes a three-year renewable option at the conclusion of the 2023 season. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The yearly payment for fiscal year 2023-24 was \$18,551.

During the year ended September 30, 2021 the City extended a lease with Eleventh Street Dock Owners Association, Inc for five years for the right to maintain movable docks and dock storage and booms fronting or adjacent to the shoreline. Under the terms of this lease, yearly payments of \$7,182.67 are made to the City for a five-year period commencing November 2, 2021. The lessee may request a five-year extension. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The yearly payment for fiscal year 2023-24 was \$11,665.

During the year ended September 30, 2022 the City established a lease with Coeur d'Alene on Ice, LLC for use of the Avista Pavilion and McEuen Park for the purpose of operating a seasonal ice-skating rink. This lease was assigned to VMC Northwest LLC in the fall of 2023. Under the terms of this lease, yearly payments of \$6,000 are made to the City over a five-year period commencing October 15, 2021. This lease includes a renewable option at the conclusion of the 2026 season for an additional five years. The annual lease fee will increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The five-year extension will begin with yearly payments of \$10,000 and also increase by the Bureau of Labor Statistics Consumer Price Index (CPI-U) West Region annual change. The yearly payment for fiscal year 2023-24 was \$13,651.

During the year ended September 30, 2022 the City established a lease with King Morton, LLC for five years for the right to operate a water-based boat delivery system, available to the public, for rental of watercraft, captained surf boats, and pontoon boats on the Spokane River near Harbor Center. Under the terms of this lease, yearly payments of \$20,000 are made to the City for a five-year period commencing June 7, 2022. The lessee may request a five-year extension.

The City's long-term obligations at year-end consist of the following:

Revenue bonds payable from the wastewater fund at September 30, 2024, are composed of the following issues:

On December 15, 2009, the City entered into a loan agreement with the State of Idaho, Department of Environmental Quality for an amount not to exceed \$13,000,000 at a .5% interest rate to be repaid in biannual installments over 20 years. The State of Idaho is authorized by Title 39, Chapter 36, Idaho Code, to make loans from the Wastewater Treatment Facility Loan Account to assist municipalities in the construction of wastewater treatment facilities. The loan to the City of Coeur d'Alene was for a wastewater treatment plant upgrade. The upgrade was being driven by the necessity to meet changing National Pollutant Discharge Elimination System discharge limits. The upgrade added a new sludge digester, a digester control building, a digester handling building, an administration/lab building and a maintenance shop building. On March 13, 2013, this loan was closed out and converted to Sewer Revenue Bond, Series 2013, with a principal amount owing of \$12,257,859. The City pledges income derived on the acquired or constructed assets to pay debt service.

See accompanying independent auditors' report.

On December 1, 2022, the City issued the "Series 2022 Bonds" sewer revenue bonds. The Series 2022 A Bonds with a principal amount owing of \$21,865,000 were issued to refund outstanding principal amounts of the City's Sewer Revenue Bond, Series 2015 and the City's Revenue Bonds, Series 2020, and to pay to costs of issuance of the Series 2022 A Bonds. The Series 2022 B Bonds with a principal amount of \$5,035,000 were issued to taxably advance refund the outstanding principal amount of the City's Sewer Revenue Refunding Bond, Series 2012 and to pay the costs of issuance of the Series 2022 B Bonds. The Series 2022 Bonds bear interest payable semiannually on each March 1 and September 1, beginning March 1, 2023 to the maturity of the Series 2022 Bonds. Principal will be payable annually each September 1.

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 7 – BONDS, LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (CONTINUED)

General Obligation Bonds payable for the governmental activities at September 30, 2024, consist of the following issue:

On August 4, 2015 the City issued \$6,000,000 in General Obligation Bonds for construction, acquisition and equipping of shared police / fire facilities and a mobile command / crime scene trailer and vehicle; construction and equipping of certain covered parking areas for police vehicles; acquisition and installation of a public safety camera network; and acquisition of certain fire protection vehicles and equipment; together with all necessary appurtenant facilities, improvements and equipment. The principal of the 2015A Bonds shall be payable annually on the 1st of August and shall bear interest at the rate of 2.05% payable semiannually on February 1st and August 1st in each year until maturity.

The City also issued \$1,719,106 in General Obligation Bonds on August 4, 2015, for the purpose of refunding the 2006 General Obligation Bonds. The principal of the 2015B Bonds shall be payable annually on August 1st and shall bear interest at the rate of 2.05% payable semiannually on February 1st and August 1st in each year until maturity.

General Obligation Bonds are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as 10-year serial bonds.

Issue	FY End 30-Sep	Rate	Principal	Interest	Total
2015A Public Safety Bonds:	2025	2.05%	668,215	13,698	681,913
Total 2015A Public Safety Bonds			\$668,215	\$13,698	\$681,913
Issue	FY End 30-Sep	Rate	Principal	Interest	Total
2015B Public Safety Bonds:	2025	2.05%	191,468	3,925	195,393
Total 2015B Public Safety Bonds			191,468	3,925	195,393
Total General Obligation Bonds			\$859,683	\$17,623	\$877,306

There are a number of covenants, limitations and other requirements contained in the various bond indentures. The City is in substantial compliance with these requirements at September 30, 2024.

Capital Leases – On December 31, 2014, the City of Coeur d'Alene entered into a lease-purchase agreement with John Deere Financial for the acquisition of a grader, with a total purchase price of \$238,075. The agreement required annual payments of \$20,591, due each December 31 for a period of five years beginning in 2014. A balloon payment of \$156,700 was due on December 31, 2019. Rather than exercising the balloon payment option, the City renegotiated the terms of the lease on June 30, 2020, extending the agreement for an additional five years. Under the revised terms, annual payments of \$33,881 were due each June 30, beginning in 2020. The final payment was made in June 2024. As of September 30, 2024, the lease obligation was fully satisfied, and the grader was capitalized and reported as a governmental activity asset.

On January 28, 2019, the City entered into a lease agreement with Caterpillar Global Services LLC for the acquisition of four loaders. Of the four units, three were allocated for governmental activities, and one was assigned to the Water Fund. On March 19, 2019, the City executed a second lease agreement with Caterpillar for the purchase of two additional loaders to be used in the Wastewater Fund.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 7 – BONDS, LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (CONTINUED)

The total purchase price for the loaders designated for business-type activities (Water and Wastewater Funds) was \$556,815. For the Wastewater Fund loaders, annual lease payments of \$42,059 were due each March 5 for five years beginning March 5, 2019, with a final balloon payment of \$246,796 due on March 5, 2024. For the Water Fund loader, annual lease payments of \$18,267 were due each December 15 for five years beginning in 2019, with a final balloon payment of \$106,838 due January 31, 2024. The combined purchase price for the three governmental-use loaders was \$607,397. Annual lease payments of \$65,253 were due each January 31 for five years beginning January 31, 2019, with a final balloon payment of \$381,650 due January 31, 2024. All leases under this agreement carried an interest rate of 5.35%.

On January 23, 2024, the City exercised the buyout option for the two loaders in the Wastewater Fund, remitting the balloon payment of \$246,796 and satisfying the lease obligation. The City capitalized and reported the two loaders as a business-type capital asset. The loaders assigned to governmental activities and the Water Fund were returned to the lessor, releasing the City from the four remaining 2019 lease obligations.

To replace the returned units, the City entered into a new lease agreement with Caterpillar Financial Services on November 7, 2023, for the acquisition of four loaders. One loader, with a purchase price of \$240,810, was assigned to the Water Fund. The lease requires annual payments of \$26,202 due each December 31 for five years, with a final balloon payment of \$170,000. The remaining three loaders, designated for governmental activities, were acquired at a combined purchase price of \$722,430. Annual payments of \$78,606 are due each December 31 for five years, with a balloon payment of \$510,000. The stated interest rate on this lease is 6.39%. Capital leases payable from governmental activities at September 30, 2024 consist of the following:

Issue	30-Sep	Rate	Principal	Interest	Total
General Fund - Caterpillar Financial	2025	6.39%	37,443	41,163	78,606

NOTE 8 - INTERFUND TRANSACTIONS

Due to/from other funds as of September, 30 2024:

Receivable Fund	Payable Fund	Amount
General fund	Non-major governmental funds	\$ 47,638
Wastewater fund	General fund	-
Wastewater fund	Capital projects fund	5,989,989
		<u>\$ 6,037,627</u>

The interfund receivable between the general fund and debt service funds – LID 151 originated when the City financed the special assessments for improvements on Front Street through the general fund as opposed to selling bonds. The LID 151 receivable will be paid back by the end of fiscal year 2025. The benefitted property owners are billed annually each year in April. LID 151 is billed with an interest rate of 4%.

The interfund receivable between wastewater and the general fund and between wastewater and the capital projects fund, Atlas Waterfront Site, commenced when the City began the process of buying 47 acres of property along and near the Spokane River. The parcel is parallel to Seltice Way and has ingress at Seltice Way and Atlas Road. The general fund is accruing interest on this receivable on a quarterly basis at 1.5%. The projected payback period is approximately nine years with payments projected to come from ignite cda, the City's urban renewal district, as tax increment on the property becomes available. The City donated approximately 45.48 acres of this property to ignite cda, the City's urban renewal agency during fiscal year 2019-20 with the desire that the Agency facilitate the development of the property. Ignite cda intends to reimburse the City for the City's acquisition costs for the property to the extent that ignite's board determines its revenues from development of the property exceed ignite's costs of development.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2024

NOTE 8 - INTERFUND TRANSACTIONS (CONCLUDED)

Interfund transfers as of September 30, 2024:

Fund	Transfers In	Transfers Out
General fund	\$ 3,572,817	\$ 665,000
Capital projects fund	781,292	-
Non major governmental funds	299,068	708,119
Water fund	-	739,176
Wastewater fund	-	903,923
Sanitation fund	-	741,200
Non major enterprise funds	-	895,759
	<u>\$ 4,653,177</u>	<u>\$ 4,653,177</u>

The principal purposes for the transfer of funds from the enterprise funds to the general fund are to cover the administration costs of operating the City's utility division.

NOTE 9 - INSURANCE

The City of Coeur d'Alene participates in the Idaho Counties Reciprocal Management Program (ICRMP) for insurance. ICRMP is an insurance pool which serves all public entities in Idaho through provision of property, general liability (employee torts), auto liability and physical damages, and public officials' insurance (errors and omissions). ICRMP provides loss prevention training to enable its subscribers to minimize their exposure to loss through funds to pay premiums and settlements.

The City also participates in the Idaho State Insurance Fund. This statewide program provides coverage for workers' compensation claims. The City is charged premiums by a rating method the program uses. This rating method is based on a per employee job risk basis. After the end of every year, the City is audited, and based on their claims throughout the year, can be eligible for a refund. If the usage was excessive throughout the year, the Insurance Fund increases the employee ratings where the use was excessive, causing the rates to increase for the following year.

The premiums for this program are budgeted directly through each department.

Health Insurance

The City of Coeur d'Alene created the City of Coeur d'Alene Employee Benefits Trust, "The Plan", effective January 1, 2020 in order to provide healthcare coverage for its employees and dependents through a self-funded healthcare benefit plan. The Plan provides optional health care benefits to employees of the City who are full time regular employees who work at least 30 hours per week, their dependents, or COBRA eligible participants. Ignite cda, the City's urban renewal district employees are also eligible to participate in the Plan. Coverage commences on the first day of the month following a sixty-day waiting period.

There were no significant reductions in insurance coverage from coverage in the prior year.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 10 - CONTINGENCIES

Intergovernmental Grants – The City has received several federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, City management believes such disallowances, if any, will be immaterial.

Litigation – The City is a defendant in various legal proceedings arising in connection with its operations. Several legal matters exist at September 30, 2024, which are in various stages of discovery and proceedings. Certain of these matters involve claimed amounts, which are material to the City's basic financial statements. Claims subject to Idaho law are limited to a statutory maximum of \$500,000. Claims subject to federal law are not limited. The City intends to vigorously defend itself in these pending actions. In accordance with the applicable accounting guidelines, management has recognized an estimated loss only for those matters which it has deemed an unfavorable outcome is probable and the amount of loss is reasonably estimable.

NOTE 11 - SEGMENT INFORMATION FOR ENTERPRISE FUNDS

The government issued revenue bonds to finance its wastewater department. Investors in the revenue bonds rely solely on the revenue generated by the individual activities for repayment.

NOTE 12 - FUND BALANCE CLASSIFICATIONS

The City has adopted GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement establishes criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. Application of the Statement requires the City to classify and report amounts in the appropriate fund balance classifications. The City's accounting and finance policies are used to interpret the nature and/or requirements of the funds and their corresponding assignment of non-spendable, restricted, committed, assigned, or unassigned.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 12 - FUND BALANCE CLASSIFICATIONS (CONTINUED)

The City reports the following classifications:

Restricted Fund Balance — Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Restrictions are placed on fund balances when legally enforceable legislation establishes a specific purpose for the funds.

Restricted Fund Balance (continued) —

Legal enforceability means that the City can be compelled by an external party (e.g., citizens, public interest groups, the judiciary) to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed Fund Balance — Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by the City Council. Amounts in the committed fund balance classification may be used for other purposes with appropriate due process by the City Council. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance — Assigned fund balances are amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Assigned fund balances do not have to be made by the City Council, they are more easily imposed and removed and they may be assigned for specific purposes even after the City's year end.

NOTE 13 - PENSION PLANS

PERSI BASE PLAN

Plan Description

The City of Coeur d'Alene contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

Pension Benefits

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI BASE PLAN

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

Member and Employer Contributions

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 74% for police and firefighters. As of July 1, 2023, through June 30, 2024, the employee rate was 6.71% for general employees and 9.83% for police and firefighters. As of July 1, 2024, the employee rate increased to 7.18% for general employees and increased to 10.83% for police and firefighters. The employer contribution rate as a percentage of covered payroll is set by the Retirement Board and was 11.18% for general employees and 13.26% for police and firefighters during the period July 1, 2023, through June 30, 2024. As of July 1, 2024, the employer rates for general employees decreased to 11.96% and increased for police and firefighters to 14.65%.

The City's contributions were \$4,181,359 for the year ended September 30, 2024.

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2024, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2024, the City's proportion was .76317442 percent.

For the year ended September 30, 2024, the City recognized pension (revenue) expense of \$8,248,215. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 4,545,048	\$ -
Changes in assumptions or other inputs	1,130,911	-
Net difference between projected and actual earnings on pension plan investments	-	518,186
Changes in the City's proportion and differences between the City's contributions and the City's proportionate contributions	257,457	118,686
City's contributions subsequent to the measurement date	1,174,355	-
Total	<u>\$ 7,107,771</u>	<u>\$ 636,872</u>

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI BASE PLAN (continued)

\$1,174,355 reported as deferred outflows of resources related to pensions resulting from City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2024.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2023 the beginning of the measurement period ended June 30, 2024 is 4.4 years and 4.4 years for the measurement period June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

Year ended June 30:	
2025	1,418,574
2026	5,350,650
2027	(845,529)
2028	(627,151)

Actuarial Assumptions

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases**	3.05%
Investment rate of return*	6.35%
Cost-of-living (COLA) adjustments	1.00%

*net of pension plan investment expense

**there is an individual additional component of assumed salary grown (on top of the 3.05%) that varies for each individual member based on the years of service.

Several different sets of mortality rates are used in the valuation for contributing members, members retired for service and beneficiaries, as well as for the Judicial members. These rates were adopted for the valuation dated July 1, 2021.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI BASE PLAN (continued)

Contributing Members, Service Retirement Members, and Beneficiaries

General Employees and All Beneficiaries - Males Pub-2010 General Tables, increased 11%.
 General Employees and All Beneficiaries - Females Pub-2010 General Tables, increased 21%.
 Teachers - Males Pub-2010 Teacher Tables, increased 12%.
 Teachers - Females Pub-2010 Teacher Tables, increased 21%.
 Fire & Police - Males Pub-2010 Safety Tables, increased 21%.
 Fire & Police - Females Pub-2010 Safety Tables, increased 26%.
 Disabled Members - Males Pub-2010 Disabled Tables, increased 38%.
 Disabled Members - Females Pub-2010 Disabled Tables, increased 36%.

An experience study was performed for the period July 1, 2015, through June 30, 2020 which reviewed all economic and demographic assumptions including mortality. The Total Pension Liability as of June 30, 2024, is based on the results of an actuarial valuation date of July 1, 2024.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

Asset Class	Long-Term Expected	
	Target Allocation	Real Rate of Return
Cash	0.00%	0.00%
Large Cap	18.00%	4.50%
Small/Mid Cap	11.00%	4.70%
International Equity	15.00%	4.50%
emerging Markets Equity	10.00%	4.90%
Domestic Fixed	20.00%	-0.25%
TIPS	10.00%	-0.30%
Real Estate	8.00%	3.75%
Private Equity	8.00%	6.00%

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI BASE PLAN (concluded)

Discount Rate

The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.35 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current rate:

	1% Decrease 5.35%	Current Discount Rate 6.35%	1% Increase 7.35%
City's proportionate share of the net pension liability (asset)			
Total Plan	\$ 54,249,419	\$ 28,547,645	\$ 7,555,846

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Payables to the pension plan

At September 30, 2024, the City reported payables to the defined benefit pension plan of \$274,832 for which legally required employer contributions and \$165,340 for legally required employee contributions which had been withheld from employee wages but not yet remitted to PERSI.

PERSI FRF PENSION PLAN

Plan Description

The City of Coeur d'Alene contributes to the FRF which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers a closed group of firefighters who were hired before October 1, 1980, and who received benefits in addition to those provided under the PERSI Base Plan. The cost to administer the plan is financed through the contributions and investment earnings of the FRF. Additional FRF funding is obtained from receipts from a state fire insurance premium tax. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI FRF PENSION PLAN (continued)

Responsibility for administration of the FRF is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active System members with at least ten years of service and three members who are Idaho citizens not members of the System except by reason of having served on the Board.

Pension Benefits

The FRF provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service as well as the final average salary. A firefighter must have 5 years of service to be eligible for a lifetime retirement allowance at age 60. Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance is based on Idaho Code Title 72 Chapter 14.

The benefit payments for the FRF are calculated using a benefit formula adopted by the Idaho Legislature. The FRF cost of living increase is based on the increase in the statewide average firefighter's wage.

Member and Employer Contributions

Member and employer contributions paid to the FRF are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

As of June 30, 2024, the total FRF employer contribution rate was 13.26%. The FRF member rate for the year for class B is 11.45% which is 3.00% above the class 2 rate of 9.83%. The City's contributions were \$-0- for the year ended September 30, 2024.

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2024, the City reported an asset for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2024, and the total pension asset was determined by an actuarial valuation as of that date. The City's proportion of the net pension asset was based on the City share of contributions in the FRF pension plan relative to the total contributions of all participating FRF employers. At June 30, 2024, the City's proportion was 8.3827379 percent.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI FRF PENSION PLAN (continued)

For the year ended September 30, 2024, the City recognized pension expense (revenue) of (\$1,204,408). At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Changes in assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	678,225	-
Changes in the City's proportion and differences between the City's contributions and the City's proportionate contributions	-	-
City's contributions subsequent to the measurement date	-	-
Total	<u>\$ 678,225</u>	<u>\$ -</u>

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2022 the beginning of the measurement period ended June 30, 2023 is 1 year and 1 year for the measurement period June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

Year ended June 30:	
2025	(246,128)
2026	1,135,710
2027	(206,624)
2028	(4,733)

Actuarial Assumptions

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. Unfunded actuarial accrued liability for FRF is the difference between the actuarial present value of the FRF benefits not provided by the Base Plan and the FRF assets. Currently FRF assets exceed this actuarial present value; therefore, there is not an unfunded liability to amortize at this time. The maximum amortization period for the FRF permitted under Section 59-1394, Idaho Code, is 50 years.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI FRF PENSION PLAN (continued)

The total pension asset in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases including inflation**	3.05%*
Investment rate of return-net of investment fees	6.35%
Cost-of-living (COLA) adjustments	**

*3.05 percent COLA is assumed for the gross benefit paid to members of FRF. A 1.00 percent COLA is assumed for PERSI benefit offsets used to determine the benefits paid by FRF.

**there is an individual additional component of assumed salary growth (on top of the 3.05%) that varies for each individual member based on the years of service.

Mortality rates were based on the RP - 2000 combined table for healthy males or females as appropriate with the following offsets:

- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

An experience study was performed for the period July 1, 2015, through June 30, 2020 which reviewed all economic and demographic assumptions other than mortality. Mortality and all economic assumptions were studied in 2017 for the period from July 1, 2011 through June 30, 2017. The Total Pension Asset as of June 30, 2024, is based on the results of an actuarial valuation date of July 1, 2023.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. These rates were adopted for the valuation dated July 1, 2023.

City of Coeur d'Alene

**NOTES TO THE FINANCIAL STATEMENTS
September 30, 2024**

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI FRF PENSION PLAN (continued)

Actuarial Assumptions (continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	0.00%	0.00%
Large Cap	18.00%	4.50%
Small/Mid Cap	11.00%	4.70%
International Equity	15.00%	4.50%
emerging Markets Equity	10.00%	4.90%
Domestic Fixed	20.00%	-0.25%
TIPS	10.00%	-0.30%
Real Estate	8.00%	3.75%
Private Equity	8.00%	6.00%

Discount Rate

The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Sensitivity of the City's proportionate share of the net pension asset to changes in the discount rate

The following presents the Employer's proportionate share of the net pension asset calculated using the discount rate of 6.35 percent, as well as what the Employer's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current rate:

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

PERSI FRF PENSION PLAN (concluded)

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

At September 30, 2024, the City reported payables to the defined benefit pension plan of \$117,930 for which legally required employer contributions and \$93,524 for legally required employee contributions which had been withheld from employee wages but not yet remitted to PERSI.

POLICE RETIREMENT FUND

Single-Employer Defined Benefit Pension Plan

The plan is required to have an actuarial study every other year. The study was done in the prior year ending September 30, 2023, therefore, the information, calculations, amounts and tables are as of September 30, 2023.

Plan Description: The City of Coeur d'Alene maintains a single-employer defined benefit pension plan, the police retirement fund. Title 50, Chapter 15, of the Idaho Code allowed the City of Coeur d'Alene to create a policemen's retirement fund. Title 2, Chapter 2.80, of the City of Coeur d'Alene Code, created the police retirement fund. A Board of police retirement Commissioners consisting of the Council and three members of the Police Department is the administrator of the fund and has the authority to establish and amend benefits and contributions. The police retirement fund is responsible for the payment of benefits to police officers who were hired before April 12, 1967 and their eligible surviving spouses. Funding for these benefits come from two sources:

- (1) Investment earnings on the fund
- (2) Property taxes

The City's police retirement fund is a closed group. No new members are permitted and no active members remained in the fund as of May 31, 1991. All members have retired and all benefit obligations except for future cost-of-living increases have been determined. There are two members and three spouses currently receiving benefits. There are no terminated members entitled to but not yet receiving benefits. Separate financial statements are not issued for the police retirement fund.

Police officers may retire after 25 years of service or at attainment of age 60. The amount of annual pension is 50% of the average annual salary in the five highest salary years out of the ten years of service preceding retirement.

There is no age and service requirement for disability retirement. Disabled members are paid an annual pension equal to 50% of the annual salary attached to the rank held by the disabled member, payable if the disablement was wholly attributable to service. If the disablement was only partially attributable to service, the benefit is proportionately reduced.

See accompanying independent auditors' report.

City of Coeur d'Alene

**NOTES TO THE FINANCIAL STATEMENTS
September 30, 2024**

NOTE 13 - PENSION PLANS (CONTINUED)

POLICE RETIREMENT FUND (continued)

If a retired member has been married for at least five years prior to death, a pension of 75% of the retirement benefit to which the member was entitled at the time of their death is payable to their widow(er) until their death or remarriage. This benefit is increased to the full retirement benefit if there are minor children.

The police retirement fund is accounted for on a flow of economic resources measurements focus and uses the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The fair value of investments is determined by the trust department of the bank that administers the fund's investment portfolio. Publicly traded assets are valued in accordance with market quotations. Assets which are not publicly traded may reflect values from other external sources or special valuations prepared by the trust department.

Pension Liabilities, Pension Expense (Revenue) and deferred outflows of resources Related to Pensions

At September 30, 2023, the City reported a net pension liability of \$933,558 for the police retirement trust fund. The City recognized \$87,721 of pension expense related to the police retirement pension plan.

At September 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 239,594	\$ 351,140
Changes in assumptions	316,034	166,321
Net difference between projected and actual earnings on pension plan investments	31,026	906
	<u>\$ 586,654</u>	<u>\$ 518,367</u>

Changes in the Net Pension Liability

Amounts reported as pension-related deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended June 30:	
2024	56,485
2025	57,387
2026	54,846
2027	(14,365)
2028	(32,704)
2029	(63,233)
2030	9,869

The investment return was .45% for 2022 as is projected to not be materially different for 2023.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 13 - PENSION PLANS (CONTINUED)

POLICE RETIREMENT FUND (continued)

Funding Policy: The funding policy and cost-of-living adjustments are provided to members and beneficiaries at the discretion of the Board of police retirement fund Commissioners. The costs of administering the plan are financed by investment earnings. The City decided to not fund the plan for fiscal year 2016-17 and continued to not fund it through 2021-22. Funding began again fiscal year 2023-23. The City's latest actuarial valuation was dated September 30, 2023. The City's contributions to the fund are set to amortize the fund's benefit liabilities over the period ending September 30, 2027. This represents a 30-year amortization of the fund's unfunded actuarial liability. The actuary recommends a minimum yearly contribution of \$152,000 to adequately satisfy future expected cash flow requirements. The fund's asset balance is not expected to decrease for at least the next ten years. These calculations are based on the actuarial assumptions, including annual post-retirement benefits increases of 0% and investment returns of 3.75%. Any adverse future experience of the fund will require an increase in the minimum recommended contribution of \$152,000.

There are no long-term contracts for contributions to the plan or any legally required reserves. Investments at September 30, 2023 included cash equivalents of \$155,357 and U.S. Government issues of \$283,460. The actuarial value of assets is fair market value.

Discount Rate

The following presents the City's net pension liability calculated using the discount rate of 3.75, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.75%) or 1-percentage-point higher (3.75%) than the current rate:

	1% Decrease	Current	1% Increase
	(2.75%)	Discount Rate	(4.75%)
		(3.75%)	
City's proportionate share of the net pension liability (asset)	\$ 1,060,907	\$ 933,558	\$ 827,065

Changes in the Net Pension Liability

The components of the change in the net pension liability are summarized as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at 9/30/22	\$ 1,381,123	\$ 413,241	\$ 967,882
Changes for the year:			
Interest cost	49,220	-	49,220
Experience (gain) loss	79,203	-	79,203
Changes of assumptions	-	-	-
Employer contributions	-	150,556	(150,556)
Net investment income	-	13,763	(13,763)
Benefit payments	(137,171)	(137,171)	-
Administrative Expenses	-	(1,571)	1,571
Net changes	(8,748)	25,577	(34,325)
Balances at 9/30/23	<u>\$ 1,372,375</u>	<u>\$ 438,818</u>	<u>\$ 933,557</u>

Actuarial Assumptions

Actuaries must make assumptions as to what the expected experience of the Plan will be for future years. Plan experiences include investment return (interest rate), cost of living adjustments, mortality rates, turnover rates, disability rates, and retirement rates. Actuarial assumptions must be determined as reasonable both on an individual and aggregate basis and must represent a best estimate of costs to the Plan.

The actuarial assumptions were changed as of September 30, 2023 to better reflect past and projected future experience of the plan. As required under accounting standards, the mortality table was updated along with implementing and improvement rate. This resulted in a significant actuarial loss.

Actuarial Assumptions

The actuarial assumptions used to calculate the funding results are as follows:

- Long-Term Rate of Return: 3.80%
- 20-Year AAA Municipal Bond Rate: 4.87%
- Return on Assets: 3.75%
- Discount Rate - Pre- and post-retirement interest rates were assumed at 3.75% per year.
- Cost of Living Adjustments - Benefits has been assumed to increase at 3 % per year.
- Expenses - No assumption of asset expenses were made.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 14 - COMPONENT UNIT DISCLOSURES

As disclosed in Note 1, ignite cda meets the criteria for discrete presentation in the City's financial statements as a component unit. The following paragraphs describe significant transactions between the two entities and provide relevant disclosures related to the Agency.

Agency Cash and Cash Equivalents

Custodial credit risk is the risk that in the event of a failure of a financial institution, the Agency's deposits and investments may not be returned to it. The Agency does not have a deposit policy for custodial credit risk. The carrying amount of the Agency's deposits is \$10,999,187 and the bank balance is \$11,008,399. At September 30, 2024, the Agency's deposits were exposed to custodial credit risk as follows:

<u>Deposits without exposure to custodial credit risk:</u>	
Amounts insured by FDIC	<u>187,500</u>
<u>Deposits with exposure to custodial credit risk:</u>	
Amount collateralized with securities held in trust, but not in ignite cda's name	<u>10,820,899</u>
Total Deposits	<u><u>11,008,399</u></u>
<u>Cash and cash equivalents at September 30, 2024 consist of the following:</u>	
Deposits	<u>11,008,399</u>
Total	<u><u>11,008,399</u></u>
<u>Cash and cash equivalents are presented in the Financial Statements as follows:</u>	
Cash and cash equivalents	<u>10,999,187</u>
Total	<u><u>10,999,187</u></u>

Capital Assets

Activity for ignite cda's capital assets for the fiscal year ending September 30, 2024, was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets not being depreciated:				
Construction in Progress	<u>20,273,824</u>	<u>(4,282,652)</u>	<u>3,523,120</u>	<u>12,468,052</u>
Total Capital assets not being depreciated	<u>20,273,824</u>	<u>(4,282,652)</u>	<u>3,523,120</u>	<u>\$ 12,468,052</u>
Governmental activities capital assets, net	<u>\$ 20,273,824</u>	<u>\$ (4,282,652)</u>	<u>\$ 3,523,120</u>	<u>\$ 12,468,052</u>

On January 11, 2019, the Agency entered into a third Revenue Allocation Bond agreement with Washington Trust Bank (2019 Series). The Agency may borrow up to \$7,000,000. This financing is intended to fund eligible strategic projects within the Agency's River District. Maturity was set for August 1, 2028 and the interest rate was set at the fixed rate of 3.3% per annum.

See accompanying independent auditors' report.

City of Coeur d'Alene

NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

NOTE 14 - COMPONENT UNIT DISCLOSURES (CONCLUDED)

Payments on the Note are due in semi-annual installments based on the aggregate principal amount drawn, plus accrued interest, pursuant to an amortization schedule. The first amortized payment is payable on the first February or August 1 following draws totaling \$1,000,000. As of September 30, 2024, the District has drawn a total of \$357,000 on the Note. Accordingly, a schedule of future payments for the Note has not been presented, as the amounts and timing of the District's remaining draws are still unknown. The Bond is secured by the River District's pledge of the tax increment revenue allocation proceeds, subject to prior liens as described in the Note Purchase and Security Agreement.

The following is a summary of debt activity for the year ended September 30, 2024:

	Beginning Balance	Principal Additions	Principal Payments	Ending Balance	Due in One Year
Bond Payable- Washington Trust 2019 Series	\$ 357,000		\$ -	\$ 357,000	\$ -
	<u>\$ 357,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 357,000</u>	<u>\$ -</u>

City of Coeur d'Alene

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION September 30, 2024

NOTE 1: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Data

Budgets are adopted on a basis consistent with generally accepted accounting principles. An annual budget is adopted for the general fund. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed as an extension of formal budgetary integration in the general fund.

This is in conformance with Idaho State Statutes, which require that appropriations lapse at the end of a fiscal year and are not available to be carried forward to be used in addition to the succeeding year's appropriation. The budget was amended in the current fiscal year.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- a) The City publishes a proposed budget for public review.
- b) Public hearings are set to obtain taxpayer comments.
- c) Prior to October 1, the budget is adopted by resolution of the City Council and published.

Lapsing of Appropriations – At the close of each year, all unspent appropriations revert to the respective funds from which they were appropriated and become subject to future appropriation.

The City properly prepared and published its budget for the year, as required by US generally accepted accounting principles and Idaho Code 33-2713A. The budget is adopted on a modified accrual basis, consistent with the fund financial statements and was amended during the year ended September 30, 2024.

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. The following are the City's special revenue funds:

Library Fund: To administer expenditures for the purpose of providing a library for the citizens of the City of Coeur d'Alene. The primary revenue source for this fund is property taxes.

Cemetery Fund: To administer expenditures for the purpose of providing cemetery lots, niches, and openings and closings. The primary revenue sources for this fund are sales of cemetery lots and niches, and a transfer of interest from the cemetery perpetual care trust fund.

Annexation Fees Fund: Annexation fees are charged when a new subdivision is annexed into the City. These funds are then transferred to the General Fund and used for one-time capital purchases.

Impact Fees Fund: Developmental impact fees are charged on new construction. The revenue generated from these fees will be used for capital improvements for Parks, Police, Fire and Streets.

Parks Capital Improvements Fund: To administer expenditures for the purpose of developing new parkland for the citizens of the City of Coeur d'Alene. The primary revenue source for this fund is grants, impact fees, park fees, parking and boat launch user fees.

Cemetery Perpetual Care Fund: To account for funds set aside to be used to maintain the City's cemeteries into perpetuity. Funding for this fund comes from interest earnings and 30% of the funds generated from cemetery lot sales.

Reforestation Fund: To account for funds collected for the purpose of replacing trees in the right of ways and planting trees in the right of ways of new subdivisions or new construction.

Jewett House Fund: To account for donations received for the operation and maintenance of the Jewett House, an estate donated to the City to be used for senior citizen activities.

Public Art Fund: To account for funds received from construction projects of the City of Coeur d'Alene and contributions from ignitecda (urban renewal district) to be used for the purchase and maintenance of public art.

Debt service funds are established to account for the invoicing and collecting of special assessment payments owed to the City from property owners included in specific local improvement City projects:

LID #151: Accounts for the accumulation of resources from special assessment levies created for the purpose of paving, installing curbs, sidewalks and for beautification of Front Avenue.

General Obligation Bonds: Accounts for the accumulation of resources from property taxes for the purpose of paying bonds and interest when due for the 2015 General Obligation Bond Issue.

City of Coeur d'Alene, Idaho

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

LaCrosse Project: To administer expenditures for the purpose of constructing an extension of LaCrosse Ave from Northwest Boulevard to Lakewood Drive and installing a traffic signal at Northwest Boulevard

Public Transit Sidewalk Access: To administer expenditures for the purpose of constructing sidewalk for improving transit access.

Wilbur-Ramsey Singal: To administer expenditures for the purpose of improving traffic signals on Ramsey Road.

Government Way Signal Improvements: To administer expenditures for the purpose of improving traffic signal lighting on Government Way.

15th Harrison to Best: To administer expenditures for the purpose of reconstruction and widening of 15th Street from Harrison Avenue to Best Avenue.

Ramsey Road/Northwest Boulevard - Lakewood to Appleway: To administer expenditures for the purpose of reconstruction and overlaying of Ramsey Road/Northwest Boulevard from Lakewood to Appleway.

LHTAC Pedestrian Safety Improvements: To administer expenditures for the purpose of installing seven rectangular rapid flashing beacon crossings and improve the crossing at multiple locations.

Traffic Calming: To administer expenditures for various equipment and construction to reduce traffic speeds throughout the City.

Atlas Waterfront Site: to administer expenditures for the purchase of land and improvements to the Atlas Waterfront Site.

City of Coeur d'Alene, Idaho

The enterprise funds are used to account for the City's wastewater property management, street lighting, public parking operations and stormwater management. These operations are financed and operated in a manner similar to a private business enterprise. The intent of the City is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The following are descriptions of each nonmajor enterprise fund.

Wastewater Property Management Fund: To account for funds being held for building maintenance expenses for the Harbor Center building, which is currently being leased by the University of Idaho.

Street Lighting Utility Fund: To account for the provision of street lighting services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including (but not limited to) administration, operations and maintenance.

Public Parking Lot Fund: To account for the provision of downtown parking to the residents and visitors of the City. All activities necessary to provide such services are accounted for in this fund, including (but not limited to) operations and maintenance.

Drainage: To account for the provision of drainage management. All activities necessary to provide such services are accounted for in this fund including (but not limited to) administration, operations and maintenance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and City Council
City of Coeur d'Alene
Coeur d'Alene, ID 83814

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of The City of Coeur d'Alene, Idaho, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Coeur d'Alene, Idaho's basic financial statements and have issued our report thereon dated June 11, 2025. Our report includes a reference to other auditors who audited the financial statements of ignite cda, as described in our report on the City of Coeur d'Alene, Idaho's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Coeur d'Alene, Idaho's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Coeur d'Alene, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Coeur d'Alene, Idaho's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Coeur d'Alene, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and City Council
City of Coeur d'Alene
Coeur d'Alene, ID 83814

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Coeur d'Alene, Idaho's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Coeur d'Alene, Idaho's major federal programs for the year ended September 30, 2024. The City of Coeur d'Alene, Idaho's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Coeur d'Alene, Idaho complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Coeur d'Alene, Idaho and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Coeur d'Alene, Idaho's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Coeur d'Alene, Idaho's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Coeur d'Alene, Idaho's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally

accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Coeur d'Alene, Idaho's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Coeur d'Alene, Idaho's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Coeur d'Alene, Idaho's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Coeur d'Alene, Idaho's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS September 30, 2024

NOTE 1: - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Coeur d'Alene (the Government's) under programs of the federal government for the year ended September 30, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Government, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Government.

NOTE 2: - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

The Government has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Pass-through entity identifying numbers are presented where available.

NOTE 3: - MATCHING REQUIREMENTS

Certain Federal programs require the Government to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Government has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.
